

Future Leaders Portfolios

Invest in the sustainability leaders of tomorrow

A range of passive, multi-asset portfolios for everyone who wants to invest sustainably at a low cost.

Managed by EQ Investors, a leading investment firm with over 10 years' experience in sustainable investing. Future Leaders combines investors' growing preference for socially responsible portfolios with the increasing popularity of low-cost passive funds.

✔ Sustainable

Future Leaders portfolios invest in sustainable businesses by integrating data on Environmental, Social and Governance ('ESG') performance, sustainable products and services, and carbon intensity.

✔ Low cost

These portfolios are built using passive funds with low fund charges. Passive investing is an efficient way to take advantage of the global tailwinds supporting sustainable business.

✔ Risk-rated returns

All our portfolios are globally diversified, available in a wide range of risk profiles to suit different investors, and regularly rebalanced to reflect our views on different markets and asset classes.

What can ESG data tell us?

Environment

How a company impacts the natural environment, for example through water use or carbon emissions.

Social

How a company treats people, such as its employees, its customers, and its local community.

Governance

How the business polices itself, including the independence and expertise of its board.

Key features

- Invest in sustainability leaders – companies that are best managing Environmental, Social and Governance risks.
- Sustainable themes: climate solutions, health innovation, digital security, water, green bonds.
- Avoids 11 harmful activities including armaments, fossil fuel extraction, tobacco and gambling.
- Fully managed, with 8 risk-rated profiles, globally diversified across asset classes and a 3 year track record.
- Highly liquid – sustainable index trackers and Exchange Traded Funds (ETFs).
- Available on platform for ISAs, SIPPs and GIAs.
- Portfolio management fee: 0.20%–0.10% (depending on AUM)
Underlying fund charges: ~0.25%

Sustainability credentials

A variety of sustainability data can be used in passive funds to create sustainability outcomes.

We set high ambitions when designing the Future Leaders Portfolios around the Impact Management Project's ABC framework:

A voiding harm

Future Leaders excludes the most harmful business activities. This includes:

- Alcohol
- Controversial and conventional weapons
- Gambling
- Pornography
- Tobacco
- Fossil fuel exploration and production

Benefiting stakeholders

Environmental, social and governance assessments look at how responsibly any given business operates, and compares their practices to their industry peers.

The core of our Future Leaders Portfolios only selects companies that are “ESG leaders” – in the top quartile for their industry, adhering to MSCI SRI Filtered Paris Aligned Benchmark (PAB) methodology.

Contributing to solutions

We use the UN Sustainable Development Goals as a framework for seeking companies providing solutions to unmet social and environmental needs.

Our portfolios are designed to overweight these companies, via thematic exposure to tracker funds that positively select companies providing climate solutions, health innovation, digital security, water, green bonds.

Investing for the UN Sustainable Development Goals

Our proprietary analytics looks under the bonnet of investment portfolios to show whether holdings are making positive contribution to the UN Goals. The chart below shows how Future Leaders compares with market indices:

Comparison data as at March 2023. Source: EQ.

Investments aligned to the UN Goals
