

Leaders in
sustainable investing

*Discretionary fund management
for financial advisers*

- ✔ A discretionary fund manager focused on sustainable and impact investing
- ✔ Building partnerships with advisers across the UK and around the globe
- ✔ Offering award-winning active, passive and bespoke investment solutions

Why use a discretionary fund manager (DFM)?

Working with a DFM is the right way to outsource the day-to-day asset allocation and fund selection decisions for your clients' investment portfolios – enabling you to focus your time on your clients and their financial planning needs.

Why choose EQ?

We act as discretionary fund managers for advisory firms across the UK.

- ✔ We aim to achieve long-term growth and sustainability for your clients' portfolios.
- ✔ Our diversified, multi-asset portfolios offer a complete investment solution enabling you to focus your time on what you do best.
- ✔ Our award-winning impact reporting, including carbon exposure analysis and Sustainable Development Goal (SDG) mapping, helps your clients to connect their investments with their values.
- ✔ Model portfolios are available in a full range of wrappers on 20+ platforms. Eight risk levels offer equity exposures ranging from 30%–100%.
- ✔ Portfolios are available both in the UK, and for offshore investors in three currencies: GBP, USD and EUR.
- ✔ We have a strong track record in running bespoke mandates for individuals, charities and other institutions.

Award-winning research

Our experienced team has won recognition for best practice in sustainable investing.

- ✔ We invest in cutting-edge research tools and data in order to select the best funds and measure our impact.
- ✔ We work in close partnership with our fund managers to drive best practice across the industry.
- ✔ We align our due diligence to the best and latest industry standards and initiatives.

Sustainable model portfolios tailored to your clients

#futureleaders

Passive portfolios for clients aiming to invest sustainably at low cost.

- ✓ Invests in companies with strong Environmental, Social and Governance (ESG) profiles.
- ✓ Multi-asset portfolios of ESG-integrated and thematic index funds and ETFs.
- ✓ Incorporates both negative screens and overweights in sustainable investment themes.

#sustainableworld

Invest to achieve positive outcomes for the environment and society.

- ✓ Designed with a dual mandate: to achieve long-term capital growth while prioritising sustainability outcomes.
- ✓ Considers the full spectrum of sustainable investments.
- ✓ The portfolios are well-suited to investors that have a broad interest in sustainability.

#positiveimpact

Active portfolios for clients aiming to maximise their impact and returns.

- ✓ Invests in companies whose products and services help and solve social and environmental problems.
- ✓ Multi-asset portfolios of actively managed funds running dedicated impact strategies.
- ✓ Detailed impact reporting using environmental and social impact metrics.

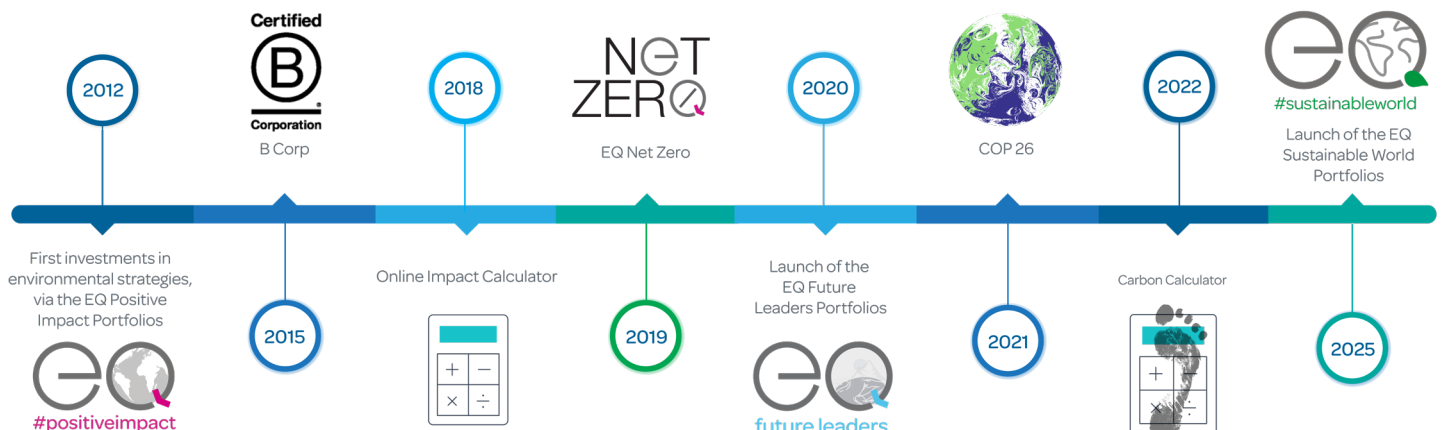

Our **Bespoke Service** is typically suitable for high net worth clients who want to benefit from a wider investment universe, unconstrained by model or platform restrictions. They may also want bespoke impact reporting, or need to structure their investments to create tax efficiencies. Whatever your needs, your EQ Investment Manager will be on hand to offer you support.

Mainstreaming sustainable investments since 2012

EQ's experienced investment team has been pioneering impact investing – seeking out investments that make a measurable positive impact and a financial return – for over a decade. As a Certified B Corporation, investing for good is in our DNA.

- ✓ Our impact journey goes back to 2008, when we helped launch a microfinance initiative in Sierra Leone – followed by a private equity fund investing in high impact companies in emerging markets in 2011.
- ✓ In 2012 we launched our flagship Positive Impact portfolios, making social and environmental impact investing available to retail investors.
- ✓ In 2015 we were certified as one of the UK's founding B Corporations: the international standard for companies that believe in business as a force for good.
- ✓ In 2019 we made Positive Impact available to offshore investors.
- ✓ In 2020 we launched Future Leaders – a new range of sustainable, passive portfolios.
- ✓ In 2025 we launched Sustainable World – our latest range of sustainable globally diversified & risk managed multi-asset portfolios.

SUSTAINABLE DEVELOPMENT GOALS

Investing for the UN Sustainable Development Goals

Our proprietary analytics looks under the bonnet of investment portfolios to show whether holdings are making positive contributions to the UN Goals.
